Practice Examinations

Well done to everyone in secondary who have completed their end of term examinations and particularly to Year 11 and Year 12 who have completed their practice examinations for IGCSE or AS Level examinations. Whilst the examination week is important, the week that follows it is even more so as it is the time that students will go through their examination papers, see what they have done well on and what they need to improve upon. The practice examinations are taken prior to the long Christmas and New Year holiday so that they can undertake work necessary after the practice examinations to improve the standard of their work prior to the real examinations, which will soon be coming around in May and June.

Cooking and the Chemistry of Food

On Saturday 7 December Dorm students engaged in a half-day workshop entitled 'Cooking and the Chemistry of Food' Both the boys' and girls' dorms spent some time in the laboratory looking at the deliciously fascinating science behind what we eat- thanks to Mr. Peter for tailoring some innovative and fun weekend learning! They then went into the kitchen to focus on refining their developing cooking skills with Mr. Yohan. The menu chosen and cooked by the girls was: omelettes with ham, cheese and mushroom served with twice-cooked 'South London Cafe' chips. The boys decided to cook Sri Lankan chicken curry with parathas and papadoms. Their food was even complimented by our superb school chefs and canteen staff- so very well done to all involved! Thanks also to Mr Christian and Ms Nhoi for guiding our future culinary giants!

KG2 and Year 7 English Festive Collaboration

On Friday 6 December both KG2 and Year 7 English continued their cross phase collaboration decorating the Senior School corridor with their innovative artwork, including Christmas trees and handmade festive designs! Well done to all concerned.

Sixth Form Events for Prospective Sixth Form Students

On Thursday 12 December Year 11 students participated in a Sixth Form Taster Day finding out what it is like to study in the Sixth Form. On Friday 13 December a Parent Information Meeting for parents and students in Year 10 and Year 11 where the curriculum and teaching and learning in the Sixth Form was introduced. This was followed by a Sixth Form Fair where more information from subject teachers could be found.

Bebras Computational Thinking Challenge

Congratulations to Nu in Year 11 and Lulla in Year 10 who have both qualified for the final round of the Bebras Challenge in Bangkok on Saturday 14 December. Good luck to them both and thank you to Ms Joy for accompanying them during her holiday.

Christmas Celebrations

Father Christmas visited all of the primary classes on the last morning of the school term, giving all of the good boys and girls a hearty 'ho ho ho' greeting as well as a Christmas present. All tutor groups had Christmas focused activities within their forms in the morning after breketime before a scrumptious traditional Christmas dinner.

Primary Christmas Production

Parents were treated to a wonderful repertoire of Christmas songs from all of the primary students on Tuesday 10 December and Wednesday 11 December. It was delightful to hear the students singing and there were some great costumes too. Thank you to all of the parents who supported the production.
